A vision of your office

ScanQX-AEG

Your portable scanning solution up to legal size

Features:

- Scan document up to Legal size (8.5 x 14 in., 216x 356 mm)
- Scan all documents in color mode
- LED light source requires no warm-up time
- Scan documents (60~120 g/m²,) and plastic cards (up to 0.8mm)
- Auto power off after inaction for 15 minutes

Small and lightweight

Measuring only 291 x 67 x 40 mm (11.5 in x 2.6 in x 1.6 in.) and weighing a mere 370 grams, the ScanQX-AEG pushes the limits of size and weight for extreme mobility while delivering smooth full page document scanning. ScanQX-AEG is small enough to be packed with your laptop and share your documents from about anywhere.

Start a scan as long as a photo is inserted

Simply insert a page up to 14" (356 mm) in length or a plastic card up to 0.88 mm in thickness and press the scan button of your application, the scan can be started immediately. You will be delighted to find the scanned images in color mode appropriately cropped, deskewed (automatically straightened).

Find Your Document Quickly

Why wait until you get back to the office to organize that stack of paper in your briefcase? ScanQX-AEG includes a powerful suite of bundled software designed to help you organize and find the important information.

Earth-Friendly LED Technology

The ScanQX-AEG delivers outstanding performance. However, it is earth-friendly at the same time. The LED technology requires no warm up time and is lower power consumption. In addition, the ScanQX-AEG provides auto shutdown after inactive for 15 minutes to save your power.

Share Information Simultaneously with Your Team Members or Clients

Once all of your documents are scanned and organized, you can easily send them and share the valuable informaitonn they contain with your team, clients or headquarters. When you scan documents into a searchable PDF format, that information can be shared with anyone and quickly found later when it is needed. Much easeier and faster than sorting through that stack crumpled paper in the bottom of your folder.

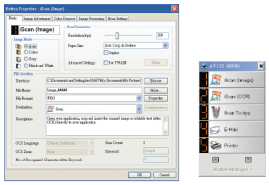
What we have bundled

The ScanQX-AEG come with Avision Button Manager V2.

ScanQX-AEG

Avision's Button Manager V2

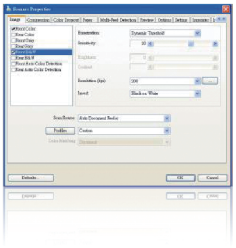
-Completes your scan with a single step



The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations . Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

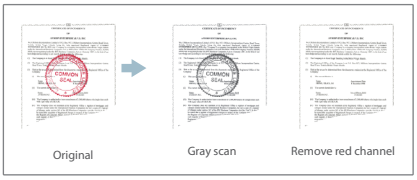
Advanced TWAIN Driver



Avision's easy-to-use TWAIN driver provides various useful features such as auto color detection, color matching, to enhance your image quality and improve your productivity.

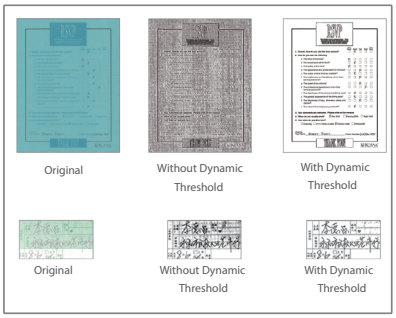
Color Drop Out

Not only R/G/B 3 channel color drop out, but any specific color can be selected as a color filter.



Binarization – Dynamic Threshold

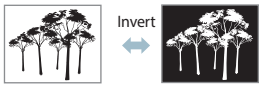
When the original documents are contaminated or damaged, containing marks, white fonts, etc., the intelligent image enhancement tool helps you create sharp and crisp image.



Invert / Mirror

Invert: Reverse the brightness and the colors in the image.

Mirror: Reverse the right and left side of your image.



and more function...
