

### Your portable and affordable scanning solution up to legal size

#### Features:

- Scan document up to Legal size (8.5 x 14 in., 216x 356 mm)
- Scan all documents in color mode
- LED light source requires no warm-up time
- Scan documents (52~105 g/m<sup>2</sup>, ) and plastic cards (up to 0.76 mm)
- Supports 118"(299.7 mm ) long page scanning
- Auto power off setting

#### A mobile scanner that scans anywhere, anytime

The ScanQ-III pushes the limits of size and weight for extreme mobility while delivering smooth full page document scanning. Powered by a computer through the USB cable, the ScanQ-III is small enough to be packed with your laptop and share your documents from just about anywhere, anytime.

#### No power cord required

The ScanQ-III is powered by the USB cable to the PC. No external power adapter and cords are needed!

#### A simplex scanner suited for document and photos

Thanks to the advanced straight paper path and image processing technology, documents with varies sizes and weights can

be scanned, appropriately cropped, and ready to use. You can scan your business cards, receipts, photos, invoices, newspaper clipping, or documents up to legal size (14").

#### No Warm Up Needed and Fast Scan Speed

The LED illumination system not only saves power, it doesn't require any warm up time. The ScanQ-III is ready to go as soon as you turn it on and it's fast too! It only takes a few seconds to scan an A4 size document.

#### Scan to clouds via PaperAir

Alternatively, the ScanQ-III is able to connect to your computer to access advanced image processing features. With PaperAir, you can scan and send the images to E-mail, printer, and popular cloud servers including Google Drive, Evernote, Dropbox, and Microsoft SharePoint to share your documents fast and easily. What is best, with the built-in OCR (Optical Character Recognition) engine, the PaperAir allows you to create a full-text searchable file in just one button.

#### What we have bundled

The ScanQ-III series come with Avison PaperAir, PaperAir APP.

# ScanQ-III

## Avision's PaperAir

-PaperAir lets you scan and save your images to cloud servers for fast and easy accessibility from just about anywhere!

The PaperAir main screen

The scanner comes with an easy-to-use PaperAir software application. With a simple press on the scanner button, PaperAir allows you to scan and send your image to your favorite destinations including printer, e-mail, a shared folder, and popular cloud servers such as \*Google Drive™, Dropbox, Evernote, OneDrive, Office 365, SharePoint, or FTP. What is best, a searchable PDF file can be converted via the OCR (Optical Character Recognition) process.

## Advanced TWAIN Driver

Avision's easy-to-use TWAIN driver provides various useful features such as auto color detection, color matching, to enhance your image quality and improve your productivity.

### Invert / Mirror

**Invert:** Reverse the brightness and the colors in the image.

**Mirror:** Reverse the right and left side of your image.

## Binarization – Dynamic Threshold

When the original documents are contaminated or damaged, containing marks, white fonts, etc., the intelligent image enhancement tool helps you create sharp and crisp image.

## Color Drop Out

Not only R/G/B 3 channel color drop out, but any specific color can be selected as a color filter.
