A New Generation of A3 Production Scanner

Avision is pleased to announce its release of the high-volume production scanner with a robust 600-page auto document feeder and a blazing scanning speed of up to 150 pages per minute in Color, Grayscale and Monochrome. With triple ultrasonic double-feed detection capability, the AD8130zNP delivers exceptional feeding reliability to maximize your scanning productivity in a small unit

Plastic card or ID card uses the straight paper path

Wenn Ihr einseitiges Dokument über den vorderen oder hinteren Einzug eingelegt wird, verfügt der Scanner über zwei Auswurfpfade. Das Dokument kann auf der gegenüberliegenden Seite oder auf der gleichen Seite des Einzugs ausgeworfen werden. Schalten Sie auf der TWAIN-Benutzeroberfläche zwischen diesen Pfaden um, und wählen Sie einen Auswurfpfad, der Ihren Anforderungen entspricht.

Dual-lamp Design to Handle Wrinkled Documents

Designed to handle even extreme applications, the AD8130zNP scanner is built-in with two long-lasting lamps. These mercury-free lamps give you maximum illumination to help eliminate shadows from wrinkled documents.

A Document Scanner with an Imprinter

The AD8130zNP is a quality document scanner integrated with an imprinter. The innovative combination allows users to print a sequence number or characters physically on the front side of each page that is being scanned. By printing serial numbers, the scanned data can be tracked, matched and/or indexed with the original document.

High-Volume Daily Duty Cycle

The scanner can be used to scan up to 100,000 pages per day through the 600-page automatic document feeder. The data indicates that this scanner is designed to scan document in any application requiring frequent document and hard card scanning.

Innovative Pressure Roller

An innovative pressure roller is designed to improve image distortion on the edges

1.77" LCD Display

The AD8130zNP is easy to use through the clear 1.77" LCD display. By selecting your destination and pressing the "Scan" button, the scan can be done and the scanned image can be sent to your specified destination application such as e-mail, printer, or your favorite image-editing software application. Up to nine frequently used scan settings and destinations can be preset for different scanning needs.

1	IScan(Image)
2	IScan(OCR)
3	Scan To App
4	E-Mail
5	Printer

Flexible Input Tray

Input Tray is flexibly designed to load documents centrally or align documents against one edge of tray.

Powerful Bundled Software Applications

The AD8130zNP comes with TWAIN and ISIS drivers, and are bundled with a suite of powerful software applications that include Avision Button Manager, AVScanX and Nuance PaperportSE 14

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint or FTP. In addition, the iScan feature allows you to insert the scanned image to recognized text after optical OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labor costs and lower the OCR accuracy. AVScanX ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes. AVScanX is an intelligent scanning and electronic filing solution. AVScanX possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

PaperPortSE14 is Nuance's most popular scanning and document management solution, carefully designed specifically for home office use. Part traditional file cabinet, part digital-document desktop, PaperPortSE14 is the fastest and easiest way to scan, share, search, and organize your documents. Additionally, PaperPortSE14 now delivers anytime-anywhere access to your most important files however it's convenient for you - using a PC, Mac, iPhone, iPad, or Android device.
