

## A mobile scanner perfect for the mobile professional

### A mobile scanner that scans anywhere, anytime

At just over 12" long and weighing just over 1 lb., the Avison MetaMobile 20 is small and lightweight to be packed into your briefcase and lets you digitize your documents from just about anywhere, anytime.

### Easy scan without a PC

The Avison Meta Mobile 20 is easy-to-use without the need of a computer. Simply insert a page up to 14" in length or a plastic card up to 0.76 mm in thickness, the scan can be started immediately and the image is saved to a microSD card.

### Scan to Clouds via PaperAir

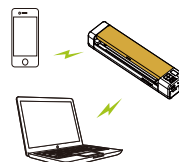

Our bundled software application – PaperAir, provides you the easiest and fastest way to scan, share, and search documents in just a few clicks. Simply pressing the Scan button, your scan is completed and the image can be sent to various destinations including e-mail, printer, and cloud servers such as Google Drive, Evernote, Dropbox, Microsoft OneDrive, or FTP. What is best, with the built-in OCR (Optical Character Recognition) engine, the PaperAir allows you to create a full-text searchable file in just one button.

### Access the scanned images through Wi-Fi or USB cable

You may wirelessly connect the scanner to your computer, or mobile devices (Android/iOS) to access the scanned images via an internet browser. Or you may access the images by connecting the scanner to your computer through a USB cable.

#### Features:

- Scans receipts, business cards, documents, and handwritten notes
- Share Information Simultaneously with Your Team Members or Clients
- Portable power via Li-ion battery – no wall outlet required
- Works with Windows, and Mac operating systems
- 2-Sided scanning up to legal size (8.5" x 14")
- Support long page scanning up to 32" (812mm) for 300 dpi
